Financial Aid

Since Willow Bend Academy relies 100% on student tuition and fees for its operation, financial aid is limited and is based on demonstrated need. Families are required to submit to an examination of finances by a third party which makes a non-binding recommendation to Willow Bend Academy. Priority is given to early applicants. Continuation of financial aid is contingent upon the student showing a willingness to apply him/herself to academic studies.

Application for financial aid must be made online. For more information about our fees, or to apply, please visit our website at www.willowbendacademy.com

Financial Policies

There are many reasons for choosing a private school. The major reason is that parents want to invest in their children's futures in order to give them every possible opportunity for future success.

Willow Bend Academy provides unique educational advantages. Our faculty and staff are committed to offering each student that opportunity for success. With an eight-to-one student/teacher ratio, our teachers spend far more time with each individual student than is common in traditional classrooms. This ratio allows for individual tutoring, and academic coaching and encouraging which will help develop students into well-rounded adults who will make positive contributions to their communities. The intent is to complement, not replace, the home in helping our students master learning and as a result, master life.

With our faculty and staff offering a full commitment to the students, we believe it is appropriate for the health of the school to expect a commensurate commitment from school families. With this in mind, the following policies have been established.

1. Each student will pay an annual registration fee; registrations are accepted on a first-come basis. The registration fee ensures that the student will have a seat in the class. The sooner a student is registered, the more likely he or she is to have a choice of teacher and session (either morning or afternoon).
2. By June 10th, the registration fee, tuition, curriculum fee, technology fee, and other fees are due. If tuition is being split between semesters (not an option for international students), the second payment of tuition is due by Dec. 1st. A late fee will apply the day following the due date. NOTE: *International students are required to pay their tuition annually.*
3. In order for Willow Bend Academy to meet its contractual obligations for teachers and support personnel, there are no refunds or transfers of tuition and fees for any reason.
4. In case of checks returned for NSF, the student may not attend school until alternate payment has been made. The late fee will apply if such event occurs on or after June 10th or December 1st.
5. Families who need to make monthly payments may make arrangements at www.tuitionsolution.com. This is a lending agency used by several other private schools in the area. Rates are as low as 3.99% with no penalty for prepayment.
6. Financial aid is limited. Early applicants receive first consideration.
